Eagle Mountain Siberians (Seller) has agreed to sell the above buyer, the kitten described below for:

Total Price

Less Deposit Made:

Balance Due:

Separate agreements are to be made for each kitten with multiple kitten purchases. Checks will be accepted for balances, made payable to Derek Morgan. (If you use the Venmo logo, it is at the bottom of the Kitten for Sale page on the website.) For the balance due, checks and PayPal must clear our bank (usually takes 5-7 days) prior to the kitten pickup. No checks or PayPal will be accepted on pickup day!

Kitten Pick Up Date:

Name of Kitten:

Kitten:

Born:

Sex:

Breed:

Mother:

Father:

Spay / Neuter by "Date":

Sold as:

Pet (No Breeding Rights)

As a pet, Spaying and Neutering is REQUIRED prior to age of 6 months for males or females. Your kitten should weigh approximately 4 - 5 pounds before having this surgery. Buyer agrees NOT to let their kitten produce any offspring.

TICA registration form for the purchased cat / kitten will be mailed by the Seller to the Buyer after all of the below conditions are met:

a) Upon confirmation from the licensed veterinarian that said above cat / kitten was spayed / neutered. The Seller reserves the right to contact the licensed veterinarian who performed the surgery and confirm the information before mailing TICA registration form to the Buyer;

b) Upon paying \$2000 penalty paid to the Seller if cat / kitten was spayed / neutered past the date indicated on the line 'Spay / Neuter by (Date)' of the current contract.

Health Guarantee: Your kitten will be guaranteed to be free from feline leukemia virus (FeLV) and feline immunodeficiency virus (FIV). We encourage the buyer to have your kitten checked by your veterinarian within a 72 hour period, after picking up from Eagle Mountain Siberians. If your kitten is found to be medically deficient with an untreatable or life-threatening problem, you must contact Eagle Mountain Siberians immediately. Upon the kittens return, Eagle Mountain Siberians reserves the right to replace the kitten with another kitten of equal value. If no replacement kitten is available at this time, we have 1 year to provide this comparable kitten. We will not accept a kitten for replacement after the 72-hour time period. The seller will not honor any guarantee if the kitten has contacted and died from a virus that was from contact with another cat not bred at our Cattery. If your kitten dies within the guaranteed 72-hour period, despite medical treatment, the kitten will be replaced **ONLY** if a licensed veterinarian certified the cause of death. It is the sellers right to ask for the kitten to be returned for identification prior to providing a replacement. Buyer will be responsible for ALL veterinarian fees after kitten has left Eagle Mountain Siberians. **NO CASH REFUNDS** are to be made. By purchasing this kitten, you will agree to not withhold medical attention when needed.

Non- Payments: If payments are not completed by stated dates above, the seller reserves the right to keep the deposit and place the kitten with another buyer with no further recourse. No cash refunds are to be made.

Vaccinations: Your kitten will be receiving an inoculation of FELICELL 3 around their age of 12 weeks, for (1) Panaleukopenia, (2) viral Rhinotracheitis, and (3) feline Calicivirus. You will be given a care sheet with all inoculations received and care instructions. Due to possible side effects, we do not immunize for FIP (feline infectious peritonitis) or Feline Leukemia. Upon buyer's first veterinarian visit it is suggested that the buyer discuss the FeLV (Feline Leukemia Virus) and FIP (Feline Infectious Peritonitis) vaccines with their veterinarian and proceed according to the veterinarian's suggestion at that time. Kittens will also receive a preventative worming dose with Pyrantel Pamoate prior to going to their new home.

Care Package: You will receive a small bag of dry kitten food by Purina One Natural Dry Kitten Formula, a blanket with Mom's scent, and a toy they are familiar with.

Care of Kitten: The buyer agrees to provide your kitten with comfortable housing, nutritious food, fresh water, parasite control, and general health care. Buyer will provide medical care when necessary for any condition or illness requiring medication. We suggest that your kitten be kept indoors at all times. If kitten is sold or given away to a new owner, the guarantees will only be honored if the new owner signs a new or similar contract with Eagle Mountain Siberians. Kitten is not to be sold, leased or transferred to a pet shop, animal dealer, animal shelter, research laboratory or similar facility nor to anyone convicted of neglect or cruelty to any animal or abandoned.

Recommendations for kitten:

1. Have a comfortable place for them the first few days. They need a smaller space (like a single room) so they do not get lost and scared in an unfamiliar home if left alone!
2. The kitten should be fed a premium food. We are feeding Purina One Natural Dry Kitten Formula.
3. If you decide to feed another type of cat food, please introduce it slowly, mixed with the Purina One and/or Your Choice of Cat food as sudden changes may result in episodes of diarrhea.
4. Your kitten needs frequent and kind human attention. Also, please provide generous amounts of play and exercise.
5. Your kitten should not be caged except for short-term confinements if necessary.
6. You should not use clay clumping cat litter for at least the first 6 months, as it may cause intestinal blockages if eaten by your kitten.

By signing this agreement, Buyer acknowledges that he/she has read, fully understands, and agrees to all of the terms and conditions of the kitten's sale
